

Aerosmith - Baby Please Don't Go

```
Tom: C
                                                                Well all right
Intro:
                                                                 Gtr I e II (lick1)
Gtr I e II (lick1)
                                                                 E G A C E7
Gtr I
                                                                 oow
                                                                BABY PLEASE DON'T GO
Gtr II
                                                                 BABY PLEASE DON'T GO
                                                                 BABY PLEASE DON'T GO
                                                                DOWN TO NEW ORLEANS
Verso 1:
                                                                 YOU KNOW I LOVE YOU SO
Gtr I
                                                                 BABY PLEASE DON'T GO
GTr II (riff2)
                                                                Now I feel right now
 BABY PLEA' DON'T GO
                           BABY PLEA' DON'T GO
                                                                  My baby's leavin'
                                                                  On that midnight train
                                                                  And i'm dyin' dyin'
Dyin' dyin' dyin'
 BABY PLEASE DON'T GO
 DOWN TO NEW ORLEANS
                                                                   I'm dyin' i'm dyin' I'm dyin'
 YOU KNOW I LOVE YOU SO
 BABY PLEASE DON'T GO
                                                                                    right now
                                                                                    right now
Gtr I
                                                                                    right now
                                                                Uma oitava acima:
                                                                Gtr II
Gtr II = riff1
                                                                E G A C
Verso 2
                                   Gtr II = riff2
Gtr T
                                                                 Gtr I
 WELL YOUR MAN DONE GONE
                           WELL YOUR MAN DONE GONE
 YEAH YOUR MAN DONE GONE
 DOWN TA COUNTY FARM
                                                                Gtr II = riff1
 HE GOT THE SCHACKLES ON
BABY PLEASE DON'T GO AWAY
                                                                                     Gtr II = riff1
                                                                 BABY PLEASE DON'T GO
                                                                                           BABY PLEASE DON'T GO
Gtr T
                                                                  BABY PLEASE DON'T GO DOWN TA NEW ORLEANS YOU KNOW I LOVE
Gtr II = riff1
                                                                           BABY PLEA DON'T GO AWAY
                                                                Y0U S0
verso 3
Gtr I
                              a.h.
                                        Gtr II = riff2
                                                                 YEAH
                                                                  yeah
BEFORE I BE THE DOG
                                        BEFORE I BE THE DOG
                                                                 YEAH
YEAH
                                                                   yeah
BEFORE BEIN' THE DOG
                                                                WELL ALRIGHT ALRIGHT
GET YOU'RE WEIGHT OUT HERE
I'LL MAKE YA WALK IT'LL OFF
                                                                Gtr I
BABY PLEASE DON'T GO AWAY
                                                                 Gtr II
Acordes
