Tom: D

Aerosmith - Make It

Intro: (D F Bb A Bb A )

Good evening people, welcome to the show

Got somethin' here I want you all to know

When laughin' people bring on primal screams

You got to think of What it's gonna take to make your dreams  
Make It

Don't break it I said

Make It Don't Brake it

Do then you feel like the world's coming down on you

You know that history repeats itself

But you just learned so by somebody else

You know you do, you gotta think up fast

You gotta figure what it's gonna take to make it last

Make It Don't brake it I said

Make It

Don't brake it

Then you do Better weather, pull yourself together

Don't be catchin' the blues Better weather, pull yourself together

What have you got to lose

You're only paying your dues

Solo - ( D F Bb A Bb A ) ( D F C Bb )

Too stinkin' proud but you're gonna pay

If you're gone I'll get you anyway

Although you know what you've been going through

Your only dreams feel like a tattoo

Make It

Don't brake it I said Make It

Don't brake it

Then you do Better weather, pull yourself together

Don't be catchin' the blues

Better weather, pull yourself together
