Aerosmith - Nine Lives

Tom: C

followed by massive feedback, cat noises, etc...
```
   main riff-  G                  A     C  A
```

```
          E                      B    Gb
And in a wink, the funk was all around me
         E                       B
And I think, I'm dead in love again
      Db (for the entire chorus)
```

Nine lives, feelin' lucky, nine lives, live again...
