

# Aerosmith - Somebody

Tom: **D**

rhy.fig.1-

This riff changes slightly, sometimes changing to (2 3 4) instead of (2 3

3 4 4). When the verse comes in, play this:

rhy.fig.2-

I need a lady not somebody shady...

(rhy.fig.1))

The words fit into the music like this:

I need a lady not somebody shady  
need someone to be close to  
somebody cozy not somebody nosy  
help me see my whole day through

**Gb**

someone to share the load

**A**

somebody to walk the road I live on...live!(rhy.fig.1)

Basic chords for this part go like this:

fill 1-

(rhy.fig.2)

Good Lord send me, good lord mend me  
send me down someone for me  
said I won't be choosy you could send me a floozy

send me anybody you please

**Gb**

Somebody say you will

**A**

Somebody further still

**G**

**B**

Somebody some-somebody for me(fill 1)

Now won't you send me somebody

(repeat twice)

I used two barre chords in this transcription without tabbing them. Here

they are for those who don't know:

(guitar solo(by the way, anyone who wants to post the solo is more than welcome))

(rhy.fig.1)

won't you send me somebody

now won't you send me somebody
