

Aerosmith - Sunny Side Of Love

```
Intro: F Bm E A D F G
You hear them people talkin'
About the Man above
There's too much talkin' trash
And not enough love
Now, I believe in rainbows
I gotta make it clear
That I told everyone you know
That you were my idea
You're the love of my life and a keeper
Head over heels and a we're fallin' deeper
I got a feeling it's time and so maybe
I got that something in mind so babe
                Rm
Take me to your sunny side of love
That's right where we belong
               Bm
Take me to your sunny side of love
You're one of a kind girl
And I just can't get enough
A needle in a haystack
A diamond in the rough
Your perfect imperfections
You know you got that right
It's all that lovin' all day long
```
