You and I

(verse 2)

Then could I love you more

So much stronger than before

Why does it seem like a dream

So much more so it seems

I guess I found my inspiration

With just one smile, you take my breath away

So hold me close

And say you'll stay with me now

The closer I get to touching you

The closer I get to loving you

Give it a time

Just a little more time

We'll be together

Every little smile

That special smile

The twinkle in your eye

In a little while

Give it a time

Just a little more time

So we can get closer

You and I
