I am not chosen, or that unique

Honestly, you were and you chose me
D **Dm** **Gbm** **E** **D**
Maybe I fucked up everything

E
Is this how it feels to be blue?
D **Dm** **A** **E**
You said you'd love me, no matter what
D **Dm** **A** **E**
You said you'd love me, is that what I loved?
D **Dm** **Gbm** **E** **D**
All of these choices messed me up

E
And everyone's mean, except you

A
I think I probably wasn't in love with you
D
I think I probably loved the idea of you
Dbm
And though I may be missing the feel of you
Bm
I think I probably wasn't in love with you
A
I said it 'cause I no longer wanna hurt
D
I said it back to you 'cause you said it first
Dbm
And though I may be wishing it wasn't true
Bm
I think I probably wasn't in love
E **D** **Dm** **A** **E**
I wasn't in love with you

D **Dm** **A** **E**
I was too worried how we'd end up
D **Dm** **A** **E**
I wasn't looking and you grew up
D **Dm** **Gbm** **E** **D**
Now I'm here writing this dumb song
E
'Cause I can't even tell you the truth

A

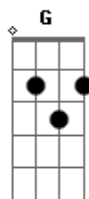

I think I probably wasn't in love with you
D
I think I probably loved the idea of you
Dbm
And though I may be missing the feel of you
Bm
I think I probably wasn't in love with you
E **Gbm**
I said it 'cause I no longer wanna hurt
E **D**
I said it back to you 'cause you said it first

I think I probably wasn't in love
