# Akon - Sorry Blame It On Me

Tom: C

    This is the intro when he is talking and the piano is playing I think, it repeats through

```
 C                                  G
I'm sorry for the times that I left you home
                        Am
I was on the road and you were alone
                        F
I'm sorry for the times that I had to go
                        C
I'm sorry for the fact that I did not know
 C                      G
That you were sitting home just wishing we
                        Am
Could go back to when it was just you and me
                        F
I'm sorry for the times I would ne-glect
                        C
I'm sorry for the times I disrespect
 C                      G
I'm sorry for the wrong things that I've done
                        Am
I'm sorry I'm not always there for my sons
                        F
I'm sorry for the fact that I'm not a-ware
                        C
That you can't sleep at night when I am not there
 C                      G
Because I'm in the streets like everyday
                        Am
I'm sorry for the things that I did not say
                        F
Like how you are the best thing in my world
```

```
                                      C
And how I'm so proud to call you my girl
 C                           G
I understand that there's some problems
                    Am
And I'm not too blind to know
                    F
All the pain you kept inside you
                        C
Even though you might not show
 C                      G
If I can't apologize for being wrong
                        Am
Then it's just a shame on me
                        F
I'll be the reason for your pain
                        C
And you can put the blame on me
 C                      G
You can put the blame on me
                        Am
You can put the blame on me
                        F
You can put the blame on me
                        C
You can put the blame on me
 C                      G
Said you can put the blame on me
                        Am
Said you can put the blame on me
                        F
Said you can put the blame on me
                        C
You can put the blame on me
```

The song follows this pattern throughout.
