

# Al Corley - Square Rooms

tom:  
Dbm  
E  
Thinking in square rooms  
A human without illusions  
Sad strains on a sad face  
Is that what we've come to?

Is the world bold this love old  
Moving nowhere and it's gonna cold  
The wind stops the clouds go  
We're all alone

[Bridge]  
Oh oh, i know i can see those  
Oh oh, oh oh

Walks long and long clears  
The vision of one with one  
And you still move me  
You undo me like you've always done

But I realize now  
We've not made you out of words now  
Just you and me  
Just you and me until the end of time

[Bridge]  
Oh oh, i know i can see those

Oh oh, i know i can see those  
I can feel those, i can see those

[Chorus]  
Oh oh, square rooms  
Oh oh, square rooms  
They don't listen, they don't care  
If a man is in despair

[Pre-Chorus]  
Oh oh, i know i can see those  
Oh oh, i know i can see those  
I can feel those, i can see those

[Chorus]  
Oh oh, square rooms  
Oh oh, square rooms  
They don't listen, they don't care  
If a man is in despair

[Bridge]  
Oh oh, i know i can see those  
Oh oh, i know i can see those  
I can feel those, i can see those

[Chorus]  
Oh oh, square rooms  
Oh oh, square rooms  
They don't listen, they don't care  
If a man is in despair
