tom:
Capostrate na 1ª casa

^G Whenever I ^C chance to meet some old friends on the street
^D They wonder how does a man get to be this way ^G
^G I've always got a smiling face any time in any place ^C
^D And everytime they ask me why
^G I just smile and say

^{NC} You've got to kiss angel good mornin' ^G
^C And let her know you think about her when your gone ^G
^D So kiss an angel good mornin'
^C And love her like the devil when you get back home ^G
^G Now people may try to guess the secret of happiness ^C
^D But some of them never learn ^G
