

Alan Jackson - There Goes

Tom: A

There you were standin' in the shadows
 Well I just looked where I don't see
 I'm still pretendin' I don't need you
 I won't let you know you're killin' me
 Like some big black widow spider
 You know just how to catch your prey
 I'm actin' like it doesn't matter
 And you sneak from behind and whisper my name
 There go your paralyzin' eyes
 There goes your tantalizin' smile
 There goes my act of playin' it cool

And there go the words I meant to say
 There go the games I wanted to play
 There goes my heart fallin' for you
 INSTRUMENTAL
 Well I think you're playin' with me darlin'
 You like to see what you can do
 Well I should be fishin' for blue marlin
 Instead of being hooked again by you
 {Chorus}
 There go your paralyzin' eyes
 There goes your tantalizin' smile
 There goes my heart fallin' for you
 There goes my heart fallin' for you
