

# Alan Walker - Tired

Tom: D

**Bm** **G** **D**  
I see those tears in your eyes  
**Bm** **A**  
I feel so helpless inside  
**Bm** **G** **D**  
Oh love, there's no need to hide  
**A** **D**  
Just let me love you when your heart is tired

**Bm** **G** **D**  
Cold hands, red eyes  
**A**  
Packed your bags at midnight  
**Bm** **G**  
They've been there for weeks  
**D** **A** **D**  
I don't know what came by me

**Em** **D**  
Just roll up a cigarette  
**G** **A** **Bm**  
Just forget about this mess  
**G** **A**  
Been waiting on the sidelines  
**Bm**  
From the sidelines

**D** **G**  
I see those tears in your eyes  
**D** **A** **Bm**  
And I feel so helpless inside  
**D** **G**  
Oh love, there's no need to hide  
**D** **A** **Bm**  
Just let me love you when your heart is tired  
**D** **G**  
If your ghost pulls you up high  
**D** **A** **Bm**  
And it feels like you've lost who you are  
**D** **G**  
My love, there's no need to hide  
**D** **A** **Bm**  
Just let me love you when your heart is tired  
**D** **A**  
Just let me love you  
**D** **A**  
Just let me love you  
**D** **A**  
Just let me love you  
**D** **A**  
Just let me love you  
**D** **A**  
Just let me love you

**D** **A** **Bm**  
Just let me love you when your heart is tired

**Bm** **G** **D**  
When you whisper, I'm alright  
**A**  
But I see through your white lies  
**Bm** **G**  
But these walls don't talk  
**D** **A** **D**  
And if they could, they'd say

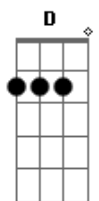

**Em** **D**  
Can't hide the secrets  
**G** **A** **Bm**  
You can't forget about this mess  
**G** **A**  
I'm waiting on the sidelines  
**Bm**  
From the sidelines

Just roll up a cigarette  
Just forget about this mess

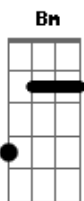

Been waiting on the sidelines  
From the sidelines

**D** **G**  
I see those tears in your eyes  
**D** **A** **Bm**  
And I feel so helpless inside  
**D** **G**  
Oh love, there's no need to hide  
**D** **A** **Bm**  
Just let me love you when your heart is tired  
**D** **G**  
If your ghost pulls you up high  
**D** **A** **Bm**  
And it feels like you've lost who you are  
**D** **G**  
My love, there's no need to hide  
**D** **A** **Bm**  
Just let me love you when your heart is tired  
**D** **A**  
Just let me love you  
**D** **A**  
Just let me love you  
**D** **A**  
Just let me love you  
**D** **A**  
Just let me love you  
**D** **A** **Bm**  
Just let me love you when your heart is tired
