

Alanis Morissette - Awakening Americans

Tom: **D**

Ton: **E** major

E
We watch movies of murder and we censor the breast
E
Give thanks for the murders of Chris Columbus
E
We kill our own and we vote for the man
E
The lesser of evils and us starring in the role of victim

B
I wonder how we change if we can in this land
B
I wonder how many mountains we'd move if we band together
G **D** **E**
Us priveleged Americans

E
We pass our revisions onto the next generation
E
We kneel to the gods of corporation
E
We eat when we're full and we hord all the rest
E
With our hands on remotes we say "Yes, we're the best!"

B
I wonder what we'd change in this land cause we can

B **A**
Even with western centricity this rampant
G **D** **E**
Us ugly Americans

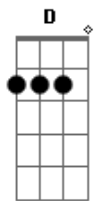

Gbdim **E**
Tied are not my hands
Gbdim **E**
But see strangers and lineaments
Gbdim **G**
As part of me; as you
B **E**
For me this awakening Canadian

E **A**
We teach our offspring for themselves; every man
E **A**
We shrug our shoulders and create yet another "ism"
E **A**
We dissuade our young from using their imagination
E **A**
We avert our eyes from this Our very own manifestation

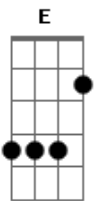

B **A**
I wonder what will change in this land, cause we can
B **A**
I wonder how many mouths we'd fill if we band together
G **D** **E**...
Us awakening Americans

CODA (GUITAR): **G** **D** E... and stop.
