

Alanis Morissette - Incomplete

Tom: **D**

D G D G
One day I'll find relief
D G
I'll be arrived
D G
And I'll be a friend to my friends who know how to be friends

D G D G
One day I'll be at peace
G D
I'll be enlightened
D G
And I'll be married with children and maybe adopt

D G D G
One day I will be healed
D G D G
I will gather my wounds forge the end of tragic comedy

(G) A Bm A G A Bm A
I have been running so sweaty my whole life urgent for a finish line
G A Bm A G A D
I have been missing the rapture this whole time, of being forever incomplete

(D e G novamente nesta parte)
One day my mind will retreat
And I'll know god

And I'll be constantly one with her night dusk and day

One day I'll be secure
Like the women I see on their 30th anniversaries
have been running so sweaty my whole life urgent for a finish line
I have been missing the (this) rapture this whole time, of being forever incomplete

G A
Ever unfolding
Bm A
Ever expanding
G A
Ever adventurous
Bm A
And torturous
A
But never done

One day I will speak freely
I'll be less afraid and measured outside of my poems and lyrics and art

One day I will be faith filled
I will be trusting and spacious, authentic and grounded and whole

I have been running so sweaty my whole life urgent for a finish line
I have been missing the rapture this whole time, of being forever incomplete
