It's useless, don't do this, it's hubris to try
                                                                                                                                                                                                                                                                                                                                                                                                                                 He'll never be Prince Charming
He's ruthless, you knew this, I told you, didn't I?
                                                                                                                                                                                                                                                                                                                                                                                                                                 He'll only do you harm again
He's abusive, elusive, the truth is he lies
