

Alec Benjamin - Must Have Been The Wind

Tom: G

[Verso 1]

Em D Bm C
I heard a glass shatter on the wall in the apartment above mine

Em D Bm C
At first I thought that I was dreamin'

Em D Bm C
But then I heard the voice of a girl

Em D Bm C
And it sounded like she'd been cryin'

Em D Bm C
Now I'm too worried to be sleepin'

[Ponte]

Em D
So I took the elevator to the second floor

Bm C
Walked down the hall and then I knocked upon her door

Em D Bm C
She opened up and I asked about the things I've been hearing

[Refrão]

Em D
She said, "I think your ears are playing tricks on you"

Bm C
Sweater zipped up to her chin

Em D
"Thanks for caring, sir, that's nice of you"

Bm C
But I have to go back in

Em D
Wish I could tell you about the noise

Bm C
But I didn't hear a thing"

Em D
She said, "It must have been the wind, must have been the wind

Bm C
Must have been the wind, it must have been the wind"

Em D
She said, "It must have been the wind, must have been the wind

Bm C
Must have been the wind, it must have been the wind"

[Verso 2]

Em D
So I was layin' on the floor of my room

Bm C
Cold concrete on my back

Em D Bm C
No, I just couldn't shake the feeling

Em D Bm C
I didn't want to intrude because I knew that I didn't have all the facts

Em D Bm C
But I couldn't bear the thought of leavin' her

[Ponte]

[Verso 3]

Em D
Aim my boom box at the roof, I'm playing "lean on me"

Bm C
Just so that she knows that she can lean on me

Em D Bm C
And when she hears the words, I hope she knows she'll be okay

Em D
Aim my boom box at the roof, I'm playing "lean on me"

Bm C
Just so that she knows that she can lean on me

Em D Bm C
And when she hears the words, I know exactly what I'll say

Em D
Promise I'm not playing tricks on you

Bm C
You're always welcome to come in

Em D
You could stay here for an hour or two

Bm C
If you ever need a friend

[Refrão 2]

Em D Bm C
We can talk about the noise, when you're ready, but till then

Em D
I say, "It must have been the wind, must have been the wind

Bm C
Must have been the wind, it must have been the wind"

Em D
I say, "It must have been the wind, must have been the wind

Bm C
Must have been the wind, it must have been the wind"
