

Álefe Christian - Under Cover Of Darkness

tom:
Capo: 3ª casa (forma dos acordes no tom de Am)
Intro: Am Dm F E E

Empty rooms
Aching heart
It's not a place for you
Though you never smelled like freedom
But it swallows you whole
But it swallows you whole

Under cover of darkness
You keep things where you want them to be
Nothing can find a way out
Not even you

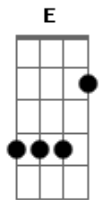

It's been a long time
Your eyes are familiar - rized
All the secrets and the lies
You fell in her cold embrace

Truth could pass you by unseen
Pointing fingers and spotlights
Baby, it's showtime, 'cause
There are no shadows without the light

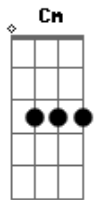

Under cover of darkness
You keep things where you want them to be
Nothing can find a way out
Not even you

But it swallows you whole
But it swallows you whole
But it swallows you whole
But it swallows you whole
But it swallows you whole
But it swallows you whole
But it swallows you whole
But it swallows you whole
But it swallows you whole
But it swallows you whole
