

# Alesana - Curse Of The Virgin Canvas

Tom: C

This is a nightmare  
Is my annabel really gone?  
Her body teases me  
As the sun reveals the dawn  
Baby lay in my arms  
And cuddle me close  
Soon this will be  
Just an awful memory  
(Will i ever be able to sleep again?)

My angel lie to me  
And tell me im dreaming

(Please wake me up, please wake me)  
A girl like you will always be  
Such a tragic part of me  
(Oh ecstasy you torture me)

I watch the blood drip  
From the corners of your mouth  
Im starting to believe  
What my eyes are seeing now

Baby lay in my arms

And cuddle me close  
Soon this will be  
Just an awful memory  
(Will i ever be able to sleep again?)

My angel lie to me  
And tell me im dreaming

Please wake me up, please wake me)  
A girl like you will always be  
Such a tragic part of me  
(Oh ecstasy you torture me)

Baby lay in my arms  
And cuddle me close

Soon this will be  
Just an awful memory  
(will i ever be able to sleep again?)

My angel lie to me  
And tell me im dreaming

(please wake me up, please wake me)  
A girl like you will always be  
Such a tragic part of me  
(oh ecstasy you torture me)
