

# Alessandra Samadello - Eis Que As Estrelas Vem

Tom: Bb

Eis que as estrelas vêm Do sol fenece a luz  
 0 coração mergulha em paz do além Que atrai e que seduz

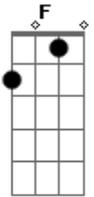

E nesta hora sobe ao coração A voz de anseios mil  
 F Bb Bb D7 G Cm Bb F7 Bb

Cálido almejar de redenção Saudade atroz de um lar gentil

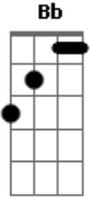

Já negras sombras vêm E cai a escuridão  
 A embarcação dos sonhos meus também Se faz ao mar

Eu posso ver a praia além Irei em breve ali chegar  
 Espero ver meu Mestre E afinal encontrarei meu lar.
