Refrão:

Verso 1:

**E** So today I wrote a song for you, **A7M** cause a day can get so long **E**  
And I know it's hard to make it through **A7M**  
When you say there's something wrong **E** **A7M**

Verso 2:

**E** So I'm trying to put it right, **A7M** cause I want to love you **E**  
with my heart  
All this trying has made me tight **A7M**  
And I don't know even where to start **E** **A7M**  
Maybe that's a start **E** **A7M**

Verso 3:

**E** Before you know it's a simple game **A7M**  
That you play filling up your head with rain **E**  
And you know you've been hiding from your pain **A7M**  
In the way, in the way you say your name **E** **A7M**

Refrão:

**Dbm** And I see you, **E** hiding your face in your hands **A7M**  
**Dbm** Flying so you won't land **A7M**  
**Dbm** You think no one understands **E** **EMb5#** **A7M**  
No one understands  
( **E** **A7M** **E** **A7M** )

Verso 4:

**E** So you hunch your shoulders and you shake your head **A7M**  
And your throat is aching but you swear **E**  
No one hurts you, nothing could be sad **A7M**  
Anyway you're not here enough to care **E** **A7M**

Verso 5:

**E** And you're so tired you don't sleep at night **A7M**  
As your heart is trying to mend **E**  
You keep it quiet but you think you might **A7M**  
Disappear before the end **E** **A7M**

Verso 6:

**E** And it's strange that you cannot find any strength to even **A7M**  
try  
To find a voice to speak your mind **A7M**  
When you do, all you wanna do is cry **E** **A7M**  
Well maybe you should cry **E** **A7M**

Refrão:

**Dbm** And I see you **E** hiding your face in your hands **A7M**  
**Dbm** Talking 'bout far-away lands **E** **EMb5#** **A7M**  
You think no one understands

**B** And all of this life, **Aomit3** **B** moves around you **Aomit3**  
**B** For all that you climb, you're standing still **Aomit3**  
You are moving too **E2** **Aomit3**  
You are moving too **E2** **Aomit3**  
You are moving too **E2** **Aomit3**  
I will move with you. **E**
