

Alex Roe - Smokin' And Crying'

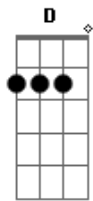

Tom: **D**

A **D**
Sittin' waitin' tables while she's sittin' waitin' for him to show
Bm **A**
What her name or story was, maybe I'll never know
Bm **A**
She ain't tryin' to hide what's goin' on inside
Bm **A**
And I know I've been there before
Bm **Bm7**
Waitin' for somebody at the only place
A
You'll see them anymore
A **G**
Well, she's hidin' out there in her car, smokin' and cryin'
D **A** **A**
She don't have to go too far to figure out that she's dyin'
A **G**
Thinks her cigarette'll make it better, but she's just lyin'
D **A**
To herself about gettin' him back, she's still tryin'
Bm **G**
Nothin's ever gonna change but the time, man, it's flyin'
A

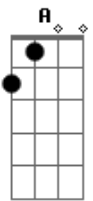

While she's smokin' and cryin'

D **D** **A**
She sees him pull up in his old truck with a brand-new girl
D
I saw her face as she walked into the place
D **A**
And it wrecked her world
Bm **Bm7**
Wish I could go outside and give her my best advice
D
And tell her it would be okay
Bm **A**
But I just drank my coffee, and then I went on my way
A **G**
Now she's hidin' out there in her car, still smokin' and cryin'
D **A** **A**
She don't have to go too far to figure out that she's dyin'
A **G**
Thinks her cigarette'll make it better, but she's just lyin'
D **A**
To herself about gettin' him back, she's tryin'
Bm **G**
Nothin's ever gonna change but the time, man, it's flyin'
A
She's smokin' and cryin'
