

Alex Turner - Glass In The Park

Tom: C
Intro: C

There's ^Cglass in the park
Darling, I can't help but keep making appointments
to sweep beneath the climbing frame
If the sun's in your eyes
I'll tighten your blindfold, baby
Don't worry your foot won't get cut
strut carelessly

^{Dm} When you say that you need me tonight
I can't keep my feelings in disguise
the white parts of my eyeballs illuminate

^F I'll wait for you
As if I'm waiting for a storm to stop
^{Dm} I've heard them talking
about how I'm gonna put you off

^C There's glass in the park
and now that I'm up off my knees
I've picked up the speed

to jump your palaces

And I shoot through the night
And suddenly all those once lost concoction's froth
and chase the day away

^{Dm} When you say that you need me tonight
I can't keep my feelings in disguise
the white part of my eyeball illuminate

^F And I'll wait for you
As if I'm waiting for a storm to stop
^{Dm} I've heard them talking
about how I'm gonna put you off

^F You tell me, how can I put you off when you're a matter of urgency?
I've got a million things that I need to do, but they're all secondary

^F Make sure you're not followed
And meet me by the death balloon
^{Dm} Paraselene woman, I'm your man on the moon
And like a grain of diamond dust, you float
and my devotion's outer, crust... cracks
