

Alex Warren - Burning Down (feat. Joe Jonas)

I guess you never know
Someone you think you know
Can't see the knife when you're too close, too close
Trust cuts deeper than lies
Even as the days go by
The wounds remain beneath my skin, my skin

I'd wipe the dirt off your name
With the shirt off my back
I thought that you'd do the same
But you didn't do that (you)

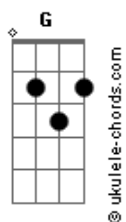

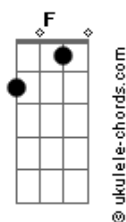

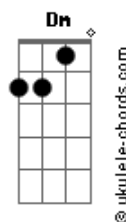

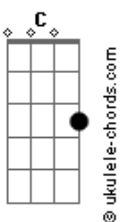

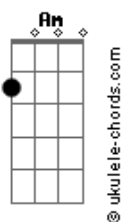

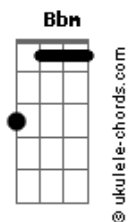

Said I'm the one who's wanted
For all the fires you started
You knew the house was burning down
I had to get out
You led your saints and sinners
And fed 'em lies for dinner
You knew the house was burning down
And look at you now

Ooh, ooh
Ooh, ooh
And look at you now

Oh, was it all a game?
Look what our love became
I gave you everything I had, I had

You had every chance to make amends (every chance now)
You got drunk on bitterness (bitterness)

Acordes

And you still claim that you're innocent, it's sad

But you said I'm the one who's wanted for all the fires you started
You knew the house was burning down
I had to get out
You led your saints and sinners
And fed 'em lies for dinner
You knew the house was burning down
And look at you now

Used to tell me you'd pray for me
You were praying for my downfall
You were digging a grave for me
We were sharing the same four walls
Used to tell me you'd pray for me
You were praying for my downfall
You were digging a grave for me
We were sharing the same four walls, and you-

Said I'm the one who's wanted for all the fires you started
You knew the house was burning down
I had to get out
You led your saints and sinners
And fed 'em lies for dinner
You knew the house was burning down

Used to tell me you'd pray for me
You were praying for my downfall
You were digging a grave for me
We were sharing the same four walls
Used to tell me you'd pray for me
You were praying for my downfall
You were digging a grave for me
We were sharing the same four walls, and you-
