tom:

B (forma dos acordes no tom de G )

Capostrate na 4ª casa

Be my brown-eyed baby, drive me crazy  
I'm on my knees and I need you to save me now  
'Cause I can't picture life without you anymore  
Be my brown-eyed baby, brown-eyed baby girl

Loved by a thousand cuts  
You always get just enough to  
Keep my hopes up and up, you  
You got with him

But if I can't have you, I don't want anyone  
So, baby, wake me up when you and him are done

And be my brown-eyed baby, drive me crazy  
I'm on my knees and I need you to save me now

'Cause I can't picture life without you anymore  
Be my brown-eyed baby, brown-eyed baby girl

I'll be there through thick and thin  
It's your world, I'm just dying in it  
But one day at a time, I'll make you mine  
There's nobody else on my mind because

If I can't have you, I don't want anyone  
So, baby, wake me up when you and him are done

And be my brown-eyed baby, drive me crazy  
I'm on my knees and I need you to save me now  
'Cause I can't picture life without you anymore  
Be my brown-eyed baby, brown-eyed baby girl

Brown-eyed baby, brown-eyed baby girl
