

# Alexsucks - Happy

tom: A

I'm not enough  
L just wish I was  
Stuck in  
A bad dream  
I'm waking up  
From the last night  
I don't remember a  
Damn thing

Think I lost my mind  
I been in my head  
I been losing sleep  
But I can't get out my bed

I think that I'm depressed  
I just need a drink  
If Ima go out  
And act happy

Does somebody know  
If I?m okay?  
Try my best to be happy  
And I'm all alone  
I hate this place  
Where my friends?  
I think it's just me

Need a break from my head  
Walk away from my thoughts  
Walk away from it all  
Before it all kills me  
Sipping drank doing drugs

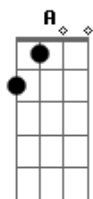

Anything to be dumb  
I feel enough  
This is hard enough for me  
Think I lost my mind  
I been in my head  
I been losing sleep but  
I can't get out my bed  
I think that I'm depressed  
I just need a drink  
If Ima go out  
And act happy

Does somebody know  
If I?m okay?  
Try my best  
To be happy  
And I'm all alon?  
I hate this place  
Wher? my friends?  
I think it's just me

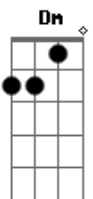

It?s not enough  
It's just not enough  
I'm just not enough  
Everything i do  
It?s not enough  
It's just not enough  
I'm just not enough  
Everything i do

Does somebody know if I?m okay?  
Try my best to be happy  
And I'm all alone, I hate this place  
Where my friends? I think it's just me
