This is how I play this song when I ain't got no-one to jam with.

It's my first attempt at tabbing anything. Hope it's readable!  
I also play a heavily damped galloping rhythm to fill the gaps  
in the intro solo,  
if you know the song you'll know what I mean.

One thing, I miss, Is Cold Ethyl & her  
skeleton kiss

We met, last night, making love by the  
refrigerator light
