

Alice Cooper - Halo Of Flies

Tom: **E**

Halo of Flies

This song is the best on Killer, and I couldn't find a tabbed version of the song, but I found a written out version using only chord names and notes, so I took that and transcribed it into tab. Most of it is the other guys work but I don't have his name, but I through some in too. It's not exact, but it sounds good, so have fun.
