

Alice In Chains - Blood Tears Little Girl Acoustic

Tom: C C G Am G

Blood Tears Little Girl (Acoustic) The chords that are strummed after that are:

Tabbed by rockingaway C G Am G

K so I?m not sure of the lyrics, but the tab as well as the C G A

lyrics are mostly correct. C D
tab might not be accurate to the song note for note, but it
fits with the song. This is a
Walking down the street.. Walking

song that I happened to stumble upon. Tried to find tabs as C D
well as lyrics but couldn?t.
Walking down the street.. Walking

the point I?m wondering if I got the song title and/or artist C D
name correct. If I made
Walking down the street.. Walking

mistake, do inform me! Thanks! This song is so great that I C D
just had to tab it out! Enjoy!
Walking down the street.. My little girl..

Note: lyrics for that riff are put below the riff itself.
Intro:

Verse:

Little girl, where did you go?
Playing in the fields when the sun goes
Little girl gliding in the sky
came back down to say goodbye

Before the moon had changed at night
You had fallen out of sight
I regret having scared you away
All my fault but nothing to say

Little girl, why did you go away?
I was missing you, I knew when I strayed
Little girl, why did you go away?
I was missing you, I knew when I strayed

Didn't mean to lie, didn't mean to cry
I just wanted to say goodbye
Didn't mean to lie, didn't mean to cry
I just wanted to say goodbye

The chords that are strummed after that are:

Little girl went to the city now C G Am G
