I could climb until I reach where angels reside
 Ask around to find out where the junkies applied
 You just up and left me on this rock all alone
 It's my fault for knowing not what I should have known

Ohhhhhhhh
 My heart is dried up, beating slow
 Ohhhhhh
 It's been deflating since you ... died
 Died
 Since you ... died
 You ... died

I could drop until I touch the sinister side
 Visit all attractions flippin' back and aside
 Still you leave me rotting on this rock all alone
 It's my fault for knowing not what I should have known

Ohhhhhhhh
 My heart is dried up, beating slow
 Ohhhhhh
 It's been deflating since you ... died
 Died
 Since you ... died
 You ... died

Ohhhhhhhh
 My heart is dried up, beating slow
 Ohhhhhh
 It's been deflating since you ... died
 Died
 Since you ... died
 You ... died

I could climb until I reach where angels reside
 I could drop until I touch the sinister side

Ohhhhhhhh
 My heart is dried up, beating slow
 Ohhhhhh
 It's been deflating since you ... died
 Died
 Since you ... died
 You ... died
 Died
 You ... died
 You ... died
