

Alice In Chains - Whale & Wasp

Tom: Gb

HP

Well, it's been a while since I've posted anything to the archive, and I noticed this song wasn't there, so I'll give it my best shot. As with

The 232 thing is just a triplet, and I wanted to stick to the pattern of two dashes per eighth note.

song. Note: I was too lazy to tune down 1/2 step, so parts of this (especially Rhy. Fig. 2) aren't totally accurate, but the bass (root) notes are definitely correct. Here goes:

Now for the structure of the song:

Rhy. Fig. 1 4x

Rhy. Fig. 2 2x

Rhy. Fig. 1 2x

Rhy. Fig. 3 4x

Rhy. Fig. 4 4x

Rhy. Fig. 1 2x

The is a ghost note. As you're releasing the bend on the 10, lift up your finger so that the 8 sounds. In a way it's a VERY gentle pull-off. You can also pick it softly if you want, I guess.

That's the whole song. No lyrics, of course. I love posting instrumentals. :) Comments, corrections, gifts, donations, etc. may by
