

Alicia Keys - Not Even The King

tom:

Money ^C

Some people so poor all that they got is money ^{F C}

Oh, and diamonds ^C

Some people waste their lives counting their thousands ^{F C}

I don't care what they're offering ^{G E}

How much gold they bring ^{Am}

They can't afford what we got ^{F G}

Not even the king ^C

They can't afford what we got ^{F G}

Not even the king ^C

Oh castles, some people so lonely, what good is a castle ^{C F C}

Surrounded by people, but ain't got a friend ^{C F}

That's not on the payroll ^C

Oh

I don't care what they bring ^{G E}

They can have everything ^{Am}

They can't afford what we got ^{F G}

Not even the king ^C

They can't afford what we got ^{F G}

Not even the king

All the king's horses and all the king's men ^{Am G F C}

Came charging to get what we got ^{F G}

They offered the crown and they offered the throne ^{Am G F C}

But I already got all that I want ^{F G}

All the king's horses and all the king's men ^{Am G F C}

They came marching through ^{F G}

They offer the world just to have what we got ^{Am G F C}

But I found the world in you ^{F G}

I found a world in you ^{F Fm}

So darling listen ^C

Your arms around me worth more than a kingdom ^{F C}

Yeah, believe that ^C

That trust that we feel, the kings never felt that ^{F C}

Yeah this is the song we sing ^{G E}

We don't need anything ^{Am}

They can't afford this ^{F G}

This is priceless ^{Am}

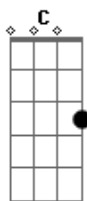

They can't afford what we've got ^{F G}

Not even the king ^C

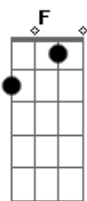

They can't afford what we got ^{F Fm}

Not even the king ^C
