

# Alicia Keys - Old Memories (Originals)

tom:  
[Primeira Parte]  
Old memories, they don't go away  
They show up before you leave  
And disappear when you wish they'd stay  
No heart is immune, no secret is kept  
Yeah, they only get stronger with age  
Old memories, they don't go away

[Segunda Parte]

Old love songs, they don't ever end  
Just when you think that you've moved on  
They remind you, you ain't over it  
Sneak in the dark, creep in your bed  
Playing over the loss in your head  
Old love songs, they don't ever end

[Refrão]

It's a problem I'm telling ya  
Makes you temperamental  
It takes all of the best of ya  
You ain't gon' never let go

[Terceira Parte]

Old photographs never fade away  
They're just frozen there in time  
Locked in pretty picture frames  
Bridges we burn (Yeah), the once  
Happiness (Yeah)  
It's a black and white that you can't  
Change  
Old photographs never fade away

[Refrão]

It's a problem I'm telling ya  
Makes you temperamental  
It takes all of the best of ya  
You ain't gon' never let go

[Final]

Look at me  
Lost in yesterday  
Thought that I was over you  
But you haunt me in every way  
My heart is with you (Yeah)  
The secret is out (Yeah)  
And it only gets stronger with age  
Old memories of you and me  
They don't go away
