

Alicia Keys - Sure Looks Good To Me

```
Deep in my mind Im secure with getting by
Intro: Chords: C G Bb F Bb C C2 G
                                                                            Cadd11
                                                             I wanna see the light before I die or I lie in an empty space,
Like this:
C G Bb F Bb C C G
              Bb
                                                             The darkness comes and I've been telling my soul
                                                                 Cadd11
                                                             And me and myself we turn around, we're getting old,
    G
C G Bb F
Life is cheap, bittersweet
        C C G
                                                             But the lightning crashing, foolish emotions
 But it taste good to me
                                                                    Cadd11
                                                             From the bruises and the beauty in this moment that we're
   G
            Bb
                                                             feeling,
Take my turn, crash and burn
        C C G
That's how it's supposed to be
                                                             And I feel like I'm seeing the world inside of me
                                                                     Cadd11
                                                             But I can tell you that I know, it's getting easier to
So don't rain on my parade
                                                             breathe,
Bb F
Life's too short to waste one day
                                                             There' a cold in the morning, endless equation
               F
                                                                  Cadd11
I'm gonna risk it all, the freedom to fall $\sf Bb$ C \sf C \sf G
                                                             Of who we've become, it's a complex situation
Yes it sure looks good to me
                                                             So live, love, life give love
         G Bb
Time flies by it leaves you behind
                                                             Live, love, life, give love
Bb C C G
Take it na-tura-lly
                                                             Live, love, life, give love
                                                             It's who are we anyway
Heaven knows (OH) There's so much more
Bb C C G
More than what we see
                                                             So don't rain on my parade
                                                             Life's too short to waste one day
So don't rain on my parade
Bb F C
                                                             I'm gonna risk it all, the freedom to fall $\sf Bb$ C \sf C \sf G
Life's too short to waste one day
                                                                  Bb
                                                             Yes it sure looks good to me
               F
I'm gonna risk it all, the freedom to fall $\sf Bb$ C \sf C \sf G
                                                             (HEY) Sure looks good to me
Yes it sure looks good to me
                                                                          Eb
                                                             (I'm telling you) Sure looks good to me
(HEY) Sure looks good to me
                                                             Eb F G
(YEA ) Sure looks good to meeee
         Bb
Ooh, ooh, oooo, ooohh
                                                                     Bb
                                                             Ooh, ooh, oooo, ooohh
                                                             Bb C G
Meee, yeaaaaaa
Yea, yea, yeaaaa
   G
        Bb
Ooh, ooh, oooo, ooohh
                                                                                       Bb
                                                             (Looks good to me) Ooh, ooh, oooo, ooohh
Yea, yea, yeaaaa
                                                             Bb C G
                                                             Yea, yea, yeaaaa
