

Alicia Keys - Work On It

tom: Oh baby, some may think that we moved too fast But I know you and you know me $\,$ Baby, that's what makes it last Darling, so many lies were spread about us Oh, that's the heartache, that's the heartache That makes us build all the trust I know some people like to say That the easiest way is to fake it We gonna make it if we try Gotta promise not to abuse it If you use it, don't lose it or break it 'Cause we gonna make it You and I When they see us coming they'll say Oh-oh, oh-oh, oh-oh, oh-oh oh-oh, oh-oh, oh-oh Work on it, work on it, work on it baby Some days are hard There ain't no easy way

No matter how we try
Nobody is perfect
          B Gb
But if we just love each other through it all
that makes it worth it
I know some people like to say
That the easiest way is to fake it
We gonna make it if we try
Gotta promise not to abuse it
If you use it, don't lose it or break it
'Cause we gonna make it
You and I
When they see us coming they'll say
Oh-oh, oh-oh, oh-oh, oh-oh
oh-oh, oh-oh, oh-oh
Work on it, work on it, work on it baby
When they see us coming they'll say
Oh-oh, oh-oh, oh-oh, oh-oh
oh-oh, oh-oh, oh-oh
Work on it, work on it, work on it baby
Oh, we gonna work on it, baby
Me and you, we gonna work on it, baby
