I took a plane over the stars
       Abm Ab7
It didn't get me very far
    Dbm Dbm6 Gbm Abm Gbm E
'Cause all my problems, they follow me
     Gbm
                                   Ab7
                        Abm
I flew to the moon, but it wasn't far enough away from you
  Dbm Dbm6 Gbm Abm Gbm B7
'Cause all our problems, they follow me, yeah, hey, yeah
      Ab7
               Dbm
                      Dbm6
And every night, I close my eyes
 A Ab7
And all my troubles fade
 A Ab7 Dbm Dbm6
But every morning when I rise
 Gbm
I'm still sleeping in this bed I made, yeah
( E Gbm Abm Ab7 )

I can't outrun the pain, oh
Should have faced these demons as they came, yeah
                 Abm
And what I wouldn't trade
 Α
To make some room in this bed I made
          Ab7

'Cause every night, I close my eyes
 A Ab7 Dbm
