

Alok - Innocent

tom:

Intro: (Dm F Gm Bb)
When we were young

[Primeira Parte]

When I met you it was summer love
We were rebels living just for fun
Lie awake until the sun
Creeped in through the crease of the curtains
We go drinkin' underneath the green
And we dream of being 17
I remember who we were
We were looking up to the future

[Pré-Refrão]

When we were young, we thought we knew it all
When we were strong and undefeatable
Oh, no, no, no, when we were young
Oh, no, no, no, and we were innocent

(Dm F)

[Refrão]

When we were young
And we were innocent

[Segunda Parte]

When I see you now you look the same
Pretty face inside a different frame
I don't even know if you
Still listen to the tunes that we used to
(Oh, when we were young)
