

# Alt-J - Taro

Tom: F

Indo - china, Capa jumps Jeep, two feet creep up the road  
 To photo, to record meat lumps and war,  
 They advance as does his chance oh  
 very yellow white flash.  
 A violent wrench grips mass, rips light, tears limbs like  
 rags,  
 Burst so high finally Capa lands,  
 Mine is a watery pit. Painless with immense distance  
 From medic from colleague, friend, enemy,  
 foe, him five yards from his leg, From you Taro.  
 Do not spray into eyes - I have sprayed you into my eyes.

verse 2

3:10 pm, Capa pends death, quivers, last rattles, last  
 chokes  
 All colours and cares glaze to grey, shrivelled and stricken  
 to dots,  
 Left hand grasps what the body grasps not oh  
 le photographe est mort.  
 3.1415, alive no longer my amour, faded for home May of '54  
 Doors open like arms my love, Painless with a great closeness  
 To Capa, to Capa Capa dark after nothing,  
 re-united with his leg and with you, Taro.  
 Do not spray into eyes - I have sprayed you into my eyes.
