

# Alter Bridge - Before Tomorrow Comes

Tom: D

G D A  
I couldn't sleep I had to listen  
G D A  
To a conscience knowing so well  
G D A  
That nothing comes from indifference  
G D A  
I look inside of myself  
G D A  
Will I find some kind of conviction?  
G D A  
Will I bid the hero farewell?  
G D A  
Will I be defined by things that could have been?

G D A  
I guess time will only tell  
G D A  
I guess time will only tell

G  
So don't let it be  
D  
Before tomorrow comes  
A  
Before you turn away  
G  
Take the hand in need  
D  
Before tomorrow comes  
A  
You could change everything

( G D A )

G D A  
I curse my worth and every comfort  
G D A  
That blinded me for way too long  
G D A  
Damn it all I'll make a difference from now on

G D A  
Cause I'm wide awake to it all  
G D A

Cause I'm wide awake to it all

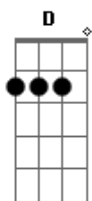

G  
So don't let it be  
D  
Before tomorrow comes  
A  
Before you turn away  
G  
Take the hand in need  
D  
Before tomorrow comes  
A  
You could change everything

G D A  
Does anyone care it ain't right what we're doing?  
G D A  
Does anyone care it ain't right where we're going?  
G D A  
Does anyone dare justify how we're living?  
G D A  
Does anyone here care at all?

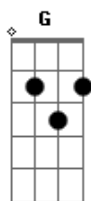

G  
So don't let it be  
D  
Before tomorrow comes  
A  
Before you turn away  
G  
Take the hand in need  
D  
Before tomorrow comes  
A  
You could change everything

G D A  
We could be so much more than we are  
G D A  
We could be so much more than we are  
G D A  
We could be so much more than we are  
G D A  
Oh this much I know
