

# Alter Bridge - Brand New Start Live Acoustic

Tom: **G**

"Against the sky, streams of light..."

haven't heard it. Their new album is gonna be amazing.

I just tabbed the basic part of the song, that is played by Mark, from watching the live  
It maybe missing a few open notes or two, but I think I did a pretty good job of it.

I'll leave the two guitar solos on this song for the pros around here...Hopefully  
will tab it cos I wanna play it too. Anyways cheers
