

# Amanda Hikague - Bloody Love

tom:  
 (Can you feel it?  
 The walls are coming down  
 And we're up the roof swimming)

Citizens screams, a larger grin  
 The whole world spins  
 It's like music to my ears

Move your hips  
 Paradise is here  
 Find me someone else  
 And I'll crush them in a beat

Everyone will run  
 And we'll be having fun  
 'Cause baby no one wears panic  
 Best than you and me

A bloody love  
 Is all we'll ever be  
 May your holy kiss  
 Be the death of me

Well, let it bleed  
 I know we must succeed  
 No one wears panic  
 Best than you and me

Pack your bags  
 We'll leave like Family  
 Fuck the rich  
 I'll have you marry me

Enjoy the beat  
 As moral is reaped  
 Society is lost  
 But I know we can commit

Everyone will run  
 And we'll be having fun

'Cause baby no one wears panic  
 Best than you and me

A bloody love  
 Is all we'll ever be

May your holy kiss  
 Be the death of me  
 Well, let it bleed

I know we must succeed  
 No one wears panic  
 Best than you and me

Seize the moment  
 Our angels are far  
 Dark has come to save us  
 Guard us from their eyes

You can touch me now  
 I swear to hold you till it's safe  
 Or until it's not

Everyone will run  
 And we'll be having fun

'Cause baby no one wears panic  
 Best than you and me

A bloody love  
 Is all we'll ever be  
 May your holy kiss

Be the death of me

Well, let it bleed  
 I know we must succeed  
 No one wears panic  
 Best than you and me

A bloody love  
 Is all we'll ever be  
 May your holy kiss  
 Be the death of me

Well, let it bleed  
 I know we must succeed  
 No one wears panic  
 Best than you and me
