

Amandinho - Get Away

Tom: **G**

Intro: **Em Bm C G** (2x)

Versos e Refrão: **Em Bm C G** (apenas repetir)

I want to get away
From this pain
I wanna try
To be ok

I have to get away
From this pain
I wanna cry
To be the same

I have declaimed
That I'm afraid
To realize
That's the end

Now I'm saying
What I am
I mean I'm trying
Not to defame

Trying to reach what's above my eyes
Trying to touch the stars
Trying to reach what I cannot find
Trying to make a stop

I haven't said
Anything
How is it like
To be acclaimed?

I need a fucking break
From this pain
A need a time
To rearrange

Trying to reach what's above my eyes
Trying to touch the stars
Trying to reach what I cannot find
Trying to make a stop

Trying to reach what's above my eyes
Trying to cause a storm
Trying to reach what I cannot find
Trying to make a stop

Acordes
