

Amber Liu - Three Million Years

Tom: G

It's feels like three million years
 And we can't change the fact
 That we're just two different souls
 That happened to attract
 Cause every time that we kiss
 It gets better than the last yeah
 Feels like I'm flying so high
 When our hands intertwine
 And my heart drops a little bit
 When I see your smile
 There's no doubt in my mind
 That you're mine
 Deep below the cracks my heart didn't want to show
 Fade a little more the times you sing
 It's so clear to me
 You're all I need
 And time goe
 You're still perfect, you're the one I adore
 I just can't control myself anymore
 What you do to me
 It all started with the three words you gave me
 (D Bm G A)
 (Gbm Em Bm)

It's been like three billion years
 And I can't get enough
 Oh it hits so hard
 You're my lifeline, my drug
 I'm a mess without you
 Who am I without you?
 Oh I rest safe in your arms
 It gets easier to stay?
 The anxiety seems
 to get better when you say
 It's gonna be okay
 It's gonna be okay
 Deep below the cracks my heart didn't want to show
 Fade a little more the times you sing
 It's so clear to me
 You're all I need
 And time goes
 You're still perfect, you're the one I adore
 I just can't control myself anymore
 What you do to me
 It all started with the three words you gave me
 Three words that you gave me
 Love you till the day I die
 Always by your side
