Is it wrong to want things like they used to be?  
D Em  
Every laugh in our past playing on repeat  
C  
Miss your lips, miss your hips  
Em  
When they were close to mine  
D Em  
I guess I miss being on your mind, yeah

C  
Forget the stupid things we said  
Em  
Forget the mistakes we did  
D  
Put the car in drive, let's ride again  
Em  
Don't let it die  
C  
But we just still stuck at pretending  
Em  
Like we gave up us at the ending  
D  
Is it the right thing to mend this?

C Em  
So let's go back to Vegas, oh-oh  
D Em  
Let's go back to Vegas, Vegas  
C Em  
Reset all of our traces, oh-oh
