

Amber Witches - City Lights

tom: **Am** City Lights

Verso

F
Sometimes I miss the cold

Dm
Wind brushing my face

F **Dm**
Bringing me a sign

F
When all I ever wanted

Dm
Was just to be alright

F
Enjoying the freedom that

Dm
Came with loneliness

Pre chorus

Bb.

I always wanted peace

Am
But now it feels like a nightmare

Bb **Am**
I need to take a break and climb the hill

E
Hoping my feet won't fail me

Chorus

Am

When I'm walking uphill

Dm
I see all the city lights ?

Am **E**
But the night shadows too

For every light, there's a star

Fading in the sky

Em
I swear I'll move on

Even from places too far to

Am
See

I've been searching for a

E
Glimpse of heaven ?

Am
A place I can call home

Verso 2 (igual 1)

The memories blend

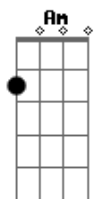

Inside my cold mind

My soul laments for hoping things would change

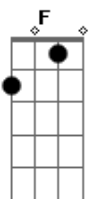

When all I ever wanted was to be someone loyal

Letting my spirit roar like a lion
