

# America - I Need You

Tom: G

<sup>A</sup>  
We used to laugh, we used to cry,  
<sup>A</sup> we used to bow our heads then, wonder why.  
<sup>A</sup> But now you're gone, I guess I'll carry on,  
<sup>Dm</sup> and make the best of what you left to me,  
<sup>F</sup> left to me, left to me.

<sup>G</sup> I need you like the flower needs the rain,  
<sup>Bm</sup> you know I need you, guess I'll start it all again.  
<sup>G</sup> You know I need you like the winter needs the spring,  
<sup>Bm</sup> you know I need you, I need you.

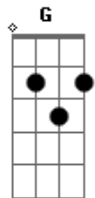

<sup>A</sup> And ev'ry day I'd laugh the hours away,

<sup>Dm</sup> Just knowing you were thinking of me,  
<sup>A</sup> And then it came that I was put to blame  
<sup>G7</sup> for ev'ry story told about me,  
<sup>F</sup> 'bout me, about me.

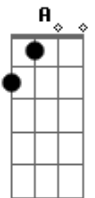

<sup>G</sup> I need you like the flower needs the rain,  
<sup>Bm</sup> you know I need you, guess I'll start it all again.  
<sup>C</sup> You know I need you, I need you,  
<sup>G</sup> I need you like the winter needs the spring,  
<sup>Bm</sup> you know I need you, guess I'll start it all again.  
<sup>C</sup> You know I need you, I need you,...(repeat chorus and fade)
