

America - Till The Sun Comes Up Again

Tom: A

Think to whrite a different song
I've got the feeling it might take a long time

sing it over again

can't recall just how it used to be
voices across the sea

Will she come to me
to keep me company

hold on till the sun comes up again

Got to take the good with the bad
sometimes I wish I never had my say

Always cost that way

recept just a, what i feel today
voices across the way

Will she come to me
to keep me company

hold on till the sun comes up again
