

Amy Winehouse - Me And Mr. Jones

```
Tom: C
                                                            But come Brixton,
                                                            Nobody stands,
F7
                                                              Fm
                                                            In be-tween me and my man,
Nobody stands,
                                                             Em Eb
In between me and my man,
                                                            'Cos it's me and Mr Jones,
                                                           Dm G7
          Dm
                                                            (Me and Mr Jones).
It's me And Mr Jones.
         G7
(Me and Mr Jones).
                                                           Verso 3:
                                                            (G7)
Verso 1:
                                                            What kind of,
(G7)
                                                            \mathsf{C}
What kind of,
                                                            Fuckery are we?
C C C
                                                             C
Fuckery is this?
                                                           Nowa-days you don't,
You made me miss,
                                                            Mean dick to me.
                                                            (Dick to me).
 Dm Dm
The Slick Rick gig.
                                                            I might let you,
(Oh Slick Rick).
                                                                  Dm
                                                           Make it up to me,
You thought I didn't,
                                                                  G7
                                                            (Make it up).

G7 C C C C
  Dm Dm
Love you when I did,
                                                           Who's playing Saturday?
      G7
(When I did).
      G7
                                                           Verse 3:
Can't believe you,

C C C

Played me out like that.
                                                            (G7)
                                                            What kind of,
                                                            \mathsf{C} \mathsf{C} \mathsf{C}
Verso 2:
                                                            Fuckery are you?
                                                              C
                                                           Side from Sammy you're,
No you ain't worth,
                                                            Dm Dm
                                                           My best black Jew.
  C C
Guest list,
                                                           But I could swear that,
  C
                                                           Dm Dm
Plus one of all,
                                                            We were through,
   Dm
                                                              G7
Them girls you kiss.
                                                            (We were through).
(All them girls).
Dm Dm
                                                            I still want to wonder,
You can't keep lying,
                                                            C C C C
     Dm
                                                            'Bout the things you do.
               Dm
To your-self like this,
                                                           Bridge 2:
      G7
(To your-self).
      G7
                                                           Mr Destiny,
Can't be-lieve,
You played your-self,
                                                            9 and 14.
C
Like this.
                                                            Nobody stands,
                                                             Fm
Bridge 1:
                                                            In be-tween me and my man,
                                                              Em Eb
                                                           'Cos it's me and Mr Jones,
Dm G7 C
Me and Mr Jo...nes.
Rulers one thing,
