m

I'm a care for you
 Am I wrong? if I love you and giving you my time
 I'm care for you
 I don't care what they say
 I don't care what they say
 I'm there for you
 Am I wrong? if I love you and I want you to be my
 I'm there for you
 I don't care what they say
 I don't care what they say
 Cause I know that I can live without you loving me
 But I know that its love who breaks a heart
 I just want to love without is what you're showing me
 You know I want yeah
 You know I need yeah
 Cause it ain't
 Ain't nobody..ain't but me
 Who can love you like it's meant to be
 Ain't nobody..its just me
 Who can love you like it's meant to be
 (Love you like it's meant to be
 Who can love you like it's meant to be)
 Had a dream of us
 But my heart going cold,when I know that you're not with me

I don't dream of us
 Baby,your heart is here
 Baby,your heart is here
 Was it not enough?
 When we love ,when we touch,you,missing out, you need me
 Was it not enough?
 Baby,your heart is here
 Baby,your heart is here
 Cause I know that I can live without you loving me
 But I know that its love who breaks a heart
 I just want to love without is what you're showing me
 You know I want yeah
 You know I need yeah
 cause it ain't
 Ain't nobody..ain't but me
 Who can love you like it's meant to be
 Ain't nobody..its just me
 Who can love you like it's meant to be
 (Love you like it's meant to be
 Who can love you like it's meant to be)
 Cause it ain't
 Ain't nobody..ain't but me
 Who can love you like it's meant to be
 Ain't nobody..its just me
 Who can love you like it's meant to be
 (Love you like it's meant to be
 Who can love you like it's meant to be)
