tom:

Intro: Cm Bbm ^GEb Cm Ab G7

Why the hell would you run this game?

Both my hands are tied
Afraid of thinking I dug my own grave

Cm
Fuck around with this
Bbm Eb Cm Ab
Strange and elusive, too afraid to lose it
G7 Cm
I don't mind this pain

Most niggas want you for your candy
They'll never know just how long it takes
I wave my own pride
And put it all on the line

C
There I go, volunteering, punish me
Bbm Eb Cm Ab G7
Self inflicted pain, sickness over used

C
Here I stay, hey, time to time
Bbm Eb Cm Ab G7 Cm
It must be what you put me through

A little while longer a bit more time

 There's a point in which I'll lose my self restraint
