

Andre Matos - Sometimes

```
Tom: Bb
                                  Gm
  Sometimes I'm sad and lonely Eb Bb F D
  Somedays because I miss you
                                                                                                                                                                                                                                                                Eb Bb
You held me tight in your arms
Eb Bb F D
  As I came out of darkness
  Eb D D7 Gm
  Sometimes I watch you go away
                                                                                                                                                                  Gm D7
  I watch you go away...
Hope you don't cry

  Somewhere to bind the distance
                                                                                                                                                                                                                                                                  F D
  Eb Bb
```

```
Somekind of timeless moment
Eb D7
Somewhen I'll let you know
 Gm7 F
How far you've made me roam
Eb Bb
Across the nights,
D D7
I hear a train
D Eb
That won't bring you back
            Gm
But I'll still wait...
F E7 Bb
I never really lost you E7 Bb F D
You never really left me
E7 D Gm7
I feel our hearts as one
E7 D Gm
Every time I gaze
```
